Original Medicare or Medicare Advantage, what's the difference?

Original Medicare

Offers health insurance to U.S. citizens and qualified legal residents age 65 and older. People younger than 65 with certain medical problems also qualify. Original Medicare is run by the federal government, and includes 2 parts. Part A helps pay for hospital care. Part B helps pay for doctor visits.

Medicare Advantage

A better way to get Medicare. It covers everything that Original Medicare does, plus more. It's offered by private insurance companies.
