

Care with results

A new study that included patients from WellMed and Optum revealed people enrolled in a MA health plan had better outcomes compared to those enrolled in traditional Medicare.[†]

44% 44% less likely to be admitted to the hospital for COPD or asthma

18% 18% less likely to have an inpatient hospital admission

14% 14% less likely to have an avoidable Emergency Room (ER) visit

11% 11% less likely to have an ER visit

10% 10% less likely for an admission for stroke or myocardial infarction

9% 9% less likely to be re-admitted to the hospital within 30 days

6% 6% less likely to have a return ER visit within 30 days

Experience the WellMed and Optum approach to health care

One of the differences you will notice with WellMed and Optum is the personalized, compassionate, and convenient support we provide our patients.

From your doctors, specialists, nurses, case managers, and other professionals, you get a **whole care team** dedicated to your individual needs to get the right care in the right setting.

Care and support

To ensure you get the right care at the right time, all our patients have access to many support services and care, including:

Coordinated health care:

Our providers work with you to create a plan of care with a team of specialists, nurses and other health professionals.

More personal, detailed appointments with your provider:

Together, you and your WellMed or Optum provider can take the time you need to review your health history and discuss your plan of care.

Onsite lab services:

Enjoy the convenience of onsite lab and x-ray services at most WellMed and Optum locations.*

Same day appointments available:

Call us first to discuss your symptoms and avoid unnecessary trips to the emergency room.

24/7 Access to health care providers:

A health care provider is available 24 hours a day, 7 days a week.

Convenient locations and providers near you:

Find care near you.**
